

AMERICAN GRAFFITI by George Lucas, Gloria Katz & Willard Huyck

TERRY: Oh yeah? I used to have a couple of horses myself. I used them for hunting. I do a lot of hunting. Deer mostly, although I got a couple of bear last year. Yep, they were good ponies -- hunting ponies. I had to train 'em special, you know. I had to sell 'em. To get these wheels... and a jeep. I also have a jeep pick-up, with four-wheel drive. It's got a gun rack. And I use that for hunting mostly.
