

## ADVENTURELAND by Greg Mottola

**EM:** That's my stepmother. My mother died two years ago. My dad got remarried last year. (*sneering at the photo*) Her name is Francy. See that unholy abomination on her head? It's a wig. She had some kind of nervous breakdown when her first husband divorced her. Her hair fell out. I'd feel sorry for her if she wasn't such a pathetic, status-obsessed witch.
